

What a privilege our team had to meet so many of you at the PA Veteran Farmer Conference last Friday. We enjoyed meeting with each of you and sharing the opportunity for your farm to [join the Harvest Hosts program](#).

For those of you I did not have the chance to connect with, I wanted to share a little bit about our program. [Harvest Hosts](#) connects over 225,000 self-contained RVers to small businesses (such as farms!) across North America. In exchange for a one night stay on your property, our Members pledge to patronize your business while spending the night. On average, our Members spend \$50 per night through the purchase of goods or services on your farm. Our [Host Recruiting video](#) is a great resource if you are looking for a quick 2 minute rundown of the program. Attached you will also find an infographic that outlines the program and our Members a bit more.

We welcome any questions you may have. Please feel free to reach out to me - sash@harvesthosts.com or contact our sales team at sales@harvesthosts.com for further information about what is required to Host and how to become a Host. There is no cost or commitment to join our program!

If you are ready to begin your application [please use this link](#) to get started.

We look forward to adding your farm to our program in the near future!

Sash Hickey
